Application No.

Continuation of 2. NOTE: The amendments, unless specifically indicated infra as provisionally enterable, raise new issues that would have to be thoroughly considered in order to determine if the amendments constitute new matter, and the amendments would otherwise require undue further consideration and/or search.

Continuation of 5. does NOT place the application in condition for allowance because: The request for reconsideration is directed to the unentered amendment, and on cursory consideration, the request for reconsideration does not otherwise appear to overcome the rejections.

Continuation of 10. Other: The amendments to claim 29, line 1, "Twice," claim 29, line 9, and claim 50, line 4, "plane," would be acceptable as placing the claims in better form for appeal or complying with objections or requirements as to form, if a separate paper was filed containing only such amendments.
